

KASENYI SAFARI CAMP – FACT SHEET

Kasenyi Safari Camp is strategically located on the rim of lake Bunyampaka in the Kasenyi savannah of Queen Elizabeth National Park. The camp has an elevated dining structure that is meticulously thatched. The tents are on platforms with a thatched canopy roof. There are four

tents all with en-suite bathrooms, spacious living areas & private decks. Many animals frequent the camp during day & at night. Lion prides, hippo, leopard, buffalo, elephant, waterbuck, kob, hyena & wart hog are frequently seen. The night comes alive with sounds of hyenas howling & lions roaring.

Activities at Kasenyi Safari Camp

Game Viewing in the Kasenyi Savannah - The most visited park in Uganda, Queen Elizabeth National Park hosts cats in the Kasenyi savannah. Here the cats feed on the large numbers of Uganda kob. Some lions have learned to hunt buffalo & also climb trees.

Boat Cruises on the Kazinga Channel - In the heat of the African afternoon, there is no better place than the largest water hole to witness Africa's animals quench their thirst. This is a must see. Over 600 species of birds call Queen home. Hippo, crocodile, buffalo & elephant wallow in the water in the hot African afternoon.

Chimpanzee Trekking - Chimpanzees are found nearby in Kyambura Gorge. A family of chimpanzees is habituated for your close encounter. Also not too far is Kibale National Park, one of the most accessible rain forests in Uganda. Kibale boasts the world's largest chimpanzee population. Here you can trek after the rumbustious primate, a true primate lover jungle.

Ishasha & the Tree-climbing Lions - The southern sector of Queen Elizabeth National Park, boasts one of the only two areas in Africa where lions commonly rule the canopy. Tree climbing lions spend their leisure day in the cool branches of the olive trees. These cats are masters at taking down prey & are top predator on the ground & in the canopy.

Night Game Drives. This is the time to witness Africa's night. The night wakes up with the sound of hyena calling to formation. Lions stretch with a yawn relaxing muscles for the night's hunt. The elusive leopard may be seen on patrol for that early evening hunt. Other nocturnal animals hop & dash around the savannah.

Bush Breakfast - After an early morning game drive, we take you to an exclusive vista or water hole to soak in & reminisce the morning activities just experienced, while enjoying a freshly cooked breakfast.

Nature Walks - Like the early explorers ventured into wild Africa, you will start your nature walk at your tent. As you disappear into the thickets you will begin to experience what the early explorers of Africa did, while listening to bird-calls, crickets & flickers of fireflies in old Africa, on foot.

Communities of Bakonzo & Basongora Tribes - What makes Africa beautiful are its

people. Welcoming & friendly, you will experience cultures from Africa's past, today. The Bakonzo and Basongora tribes are located in the Ruwenzori Mountains. These communities continue on their daily activities as food gatherers, farmers and pastoralists. Join them on a Bakonzo feast.

Ruwenzori National Park -Drive to Fort Portal for cavern walks & hikes in the Ruwenzori Mountains. On the foothills of the world's longest single mountain range with snow-capped peaks on the equator is Fort Portal town. Here you will begin your hike to one of Seven Wonders of the World.
